Adoption

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF PALM BEACH COUNTY, FLORIDA, AMENDING ORDINANCE 92-20, KNOWN AS THE UNIFIED LAND DEVELOPMENT CODE OF PALM BEACH COUNTY, FLORIDA AS FOLLOWS: ARTICLE (DEFINITIONS); ARTICLE 4 (DECISIONMAKING, ADMINISTRATIVE AND ENFORCEMENT BODIES); ARTICLE 5 (DEVELOPMENT REVIEW PROCEDURES): ARTICLE 6 (ZONING DISTRICTS); ARTICLE 7 (SITE DEVELOPMENT STANDARDS); ARTICLE 8 (SUBDIVISION, PLATTING AND REQUIRED IMPROVEMENTS); ARTICLE 10 (IMPACT FEES); ARTICLE 11 (ADEQUATE PUBLIC FACILITIES); ARTICLE 15 (TRAFFIC PERFORMANCE STANDARDS); ARTICLE 17 (PARK AND RECREATION STANDARDS); PROVIDING FOR INTERPRETATION OF CAPTIONS; PROVIDING FOR REPEAL OF LAWS IN CONFLICT; PROVIDING FOR SEVERABILITY; PROVIDING FOR INCLUSION IN THE UNIFIED LAND DEVELOPMENT CODE; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, Chapter 125, Florida Statutes, establishes the right and power of counties to provide for the health, welfare, and safety of the existing and future residents by enacting and enforcing land development and administrative regulations necessary for the protection of the public; and

WHEREAS, Palm Beach County Ordinance 92-20 provided for the adoption of the Unified Land Development Code on June 16, 1992, pursuant to Section 163.3202, Florida Statutes to further growth management requirements; and

WHEREAS, Chapters 125 and 163, Florida Statutes, grant authority to the Board of County Commissioners to adopt and enforce land development regulations within the unincorporated area of Palm Beach County; and

WHEREAS, current information and increased population require re-evaluation and adoption of updated development standards; and

WHEREAS, the Board of County Commissioners has mandated that County staff conduct periodic reviews of the Unified Land Development Code to evaluate its various provisions and propose amendments to resolve new or outstanding issues and comply with the Comprehensive Plan, State Statutes and federal law; and

WHEREAS, the Board of County Commissioners has determined that it is in the best interest of public welfare to ensure developments are constructed and continuously operated in accordance with the Unified Land Development Code, conditions of approval and adequate public facilities; and

WHEREAS, the Board of County Commissioners has determined that new and alternative uses and development patterns should be accommodated by the Unified Land Development Code to respond to market demand, encourage economic development, provide incentive for redevelopment, and to utilize vacant or under-utilized buildings while maintaining the integrity of the zoning district through reasonable restrictions and development regulations; and

WHEREAS, the new Sugar Cane Growers Cooperative of Florida Overlay, provisions accommodating charter schools, additional RSER requirements, revised Westgate/Belvedere Homes Overlay language, implementation of the Institutional and Public Facilities district, clarify use of Real Estate offices in PUDs, revised traffic performance standards, new infill park regulations, and other updated and new provisions

further the goals and policies of the Board of County Commissioners; and,

WHEREAS, the proposed amendments to the ULDC have been reviewed by the Citizens Task Force at public workshops and recommendations of the Citizens Task Force were forwarded to the Board of County Commissioners; and

WHEREAS, the Board of County Commissioners determines the proposed amendments will improve the procedures and standards of the Unified Land Development Code; and

WHEREAS, the Citizens Task Force, sitting as the Land Development Regulation Commission, finds that this amendment to the Unified Land Development Code is consistent with the Comprehensive Plan; and

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF PALM BEACH COUNTY, FLORIDA, THAT:

PART 1 The Unified Land Development Code of Palm Beach County is amended as follows:

SUBPART 1 Section 3.2, Definitions, is amended to add and delete language as follows:

**DEFINITIONS.** Terms in this Code shall have the following definitions. Supplemental definitions for terms in Sec. <u>6.10 and 7.17</u>, and Articles 9 and 15 are defined in the referenced Section or Article. If a conflict exists in terms between Articles 9 and 15, the terms defined in the specified Article shall apply.

**Architect** means a person duly registered and licensed to engage in the practice of architecture in the State of Florida under Chapter 481, Part I, Fla. Stat., and includes the term "registered architect".

Certificate of Concurrency Reservation means a certificate approved by the Zoning Director with or without conditions, considered in conjunction with a Development Agreement, public facility agreement, or other binding agreement and pursuant to the terms of Art. 11, Adequate Public Facility Standards, that constitutes proof of adequate public facilities to serve the proposed development.

Concurrency Reservation (Reservation) means a certificate approved by the Zoning Director with or without conditions, which may be considered in conjunction with a Development Agreement, public facility agreement, or other binding agreement and pursuant to the terms of Art. 11, Adequate Public Facility Standards, that constitutes proof of adequate public facilities to serve the proposed development. an order approved by the Zoning Director pursuant to the terms of Art. 11, reserving adequate public facilities for the development.

Density bonus means density afforded by special density programs such as Transfer of Development Rights, Traditional Neighborhood Development and Voluntary Density Bonus program which is an increase in the residential density of development that the County permits on a parcel of land over and above the maximum or PDD density PUD permitted by the 1989 Palm Beach County Comprehensive Plan as amended for the applicable residential future land use category in which it is located and footnote 5 in Table 6.5-1 of the ULDC.

SUBPART 19 Section 6.7.B., Zoning Districts, Overlay District Regulations, is amended to add and delete language as follows:

## B.WCRA-O, Westgate/Belvedere Homes Overlay District.

and intent. The Westgate/Belvedere Homes Redevelopment Agency (Westgate/Belvedere Homes CRA) (WCRA) was created pursuant to Sec. 163.330, et. seq., Fla. Stat., to remove blighted conditions, enhance the County's tax base, improve the living conditions, and preserve areas of low and moderate cost housing in the Westgate/Belvedere Homes area of unincorporated Palm Beach County. The use of community redevelopment powers enables the Palm Beach County Board of County Commissioners (BCC) and the Westgate/Belvedere Homes CRA WCRA to make public improvements that encourage and enhance private investment and while providing neighborhood stability, prevent continuation of inefficient and incompatible land use patterns, and assist revitalization and rehabilitation of older commercial and residential areas in the Westgate/Belvedere Homes area.

In recognition of the special needs of the Westgate/Belvedere Homes area, t The Westgate/Belvedere Homes Community Redevelopment Study Area Overlay (WCRA-O) district is established with the purpose and intent of: encouraging development and redevelopment of the Westgate/Belvedere Homes area through regulatory incentives; arresting deterioration of property values; preserving and

Underlined language indicates proposed new language.

Language crossed out indicates language proposed to be deleted.

... (ellipses) indicates language not amended which has been omitted to save space.

21

protecting existing, viable affordable housing: and providing opportunity for the future development of affordable housing: and implementing the WCRA Plan Westgate/Belvedere Homes Community Redevelopment Plan; and under certain eircumstances, providing for increased residential densities and an increase of up to twenty (20) percent in the amount of land designated as commercial on the Land Use Atlas Map without amendment to the Palm Beach County Comprehensive Plan. without amendment to the Palm Beach County Comprehensive Plan.

- 2. Applicability. The<u>se</u> provisions of the WCRA-O district shall apply to all development within the boundaries of the WCRA-O district. In addition, to the provisions in the WCRA-O district, all development in the district shall comply with all other requirements of this applicable Code requirements and all other relevant Palm Beach County regulations.
- 3. Boundaries. The WCRA-O district consists of those lands within unincorporated Palm Beach County bounded by Okeechobee Boulevard on the north, Belvedere Road on the south, Florida Mango Road on the east, and Military Trail on the west. This description does not limit the WCRA's ability to amend its boundaries. The WCRA-O district shall be amended as appropriate needed to conform to any boundary changes of the Westgate/Belvedere Homes Community Redevelopment Area.
- 4. Conflict with other applicable regulations. Where the provisions of the WCRA-O district are in conflict with other regulations applicable to the WCRA-O this district, the provisions of this section shall prevail. Where provisions of the WCRA-O district are not in conflict with other relevant applicable regulations, the stricter most restrictive regulations shall prevail.
- 5. Procedures. Prior to initial Development Review Committee (DRC) certification of all requests for Official Zoning Map Amendments (rezonings). Conditional Uses, and Development Review Committee only items, all applicants shall obtain a recommendation from the WCRA. Prior to the certification or approval of all requests for any zoning, rezoning, density bonus, variance to a WCRA-O requirement, comprehensive Land Use Pplan amendments, Density Bonuses. Variances or CRA Master Plan Amendments for projects within the WCRA-O: all applicants shall obtain a recommendation from the WCRA. Westgate/Belvedere Homes Community Redevelopment Agency and All applicants shall show provide proof of payment of any applicable Westgate/Belvedere Homes Community Redevelopment Agency WCRA review fee for such.
- 6. Site Plan/Final Subdivision Plan review Development Review Committee. All new commercial or and industrial developments, and residential developments consisting of more than two (2) dwelling units shall be subject to DRC approval the Site Plan/Final Subdivision Plan review process.
- 7. Amendment of Official zZoning mMap Amendments within WCRA-O district.

  All Official Zoning Map Amendments to the Official Zoning Map within the WCRA-O district requests shall comply with the following standards.
- a. Industrial districts zoning map amendment. Any amendment to the Official Zoning Map to an industrial district may be made on land request to rezone parcels located in the Flight Path of the Palm Beach International Airport without

Underlined language indicates proposed new language.

Relocated language is shown as italicized with reference (6.4.D.35.a.) in parentheses.

an amendment to the Land Use Atlas of the Comprehensive Plan to an industrial land use designation to an industrial district shall not require a Comprehensive Land Use Plan Amendment.

- b. Commercial districts zoning map amendment. Any amendment to the Official Zoning Map request to rezone parcels to a commercial district or Planned Development District, requiring a commercial land use designation, may be made on lands without a commercial designation on the Land Use Atlas of the shall not require a Comprehensive Land Use Plan Amendment, provided the following criteria are met.
  - (1) Designation Twenty (20) percent (%) limitation. The rezoning request shall not increase the existing area with The commercial future land use designations in the WCRA-O district in the Comprehensive Plan shall not be exceeded by more than twenty (20) percent above the acreage shown on the Future Land Use Plan Atlas at the time of Comprehensive Plan adoption in 1989, of the total area The areas with a commercial future land use designation shall be identified on the Comprehensive Plan Future Land Use Map.
  - (2) Purpose. The proposed amendment to the Official Zoning Map rezoning request advances the purpose and intent of the Westgate/Belvedere Homes Community Redevelopment WCRA Plan, and does not have an adverse a negative impact on surrounding land uses.
  - (3) Standards WCRA recommendation. The proposed amendment to the Official Zoning Map rezoning request receives is recommended for a favorable recommendation from approval by the Westgate CRA WCRA in accordance with the standards established in the Westgate/Belvedere Homes Redevelopment WCRA Plan.
- 8. Overlay district uUses. In the WCRA-O District, no development shall be permitted except for tThe following uses shall be permitted in the WCRA-O subject to the appropriate review process:
  - a. Permitted uses. Uses permitted by right in the underlying zoning district are shall be permitted as a by right in the WCRA-O District. Additionally, residential land uses shall be permitted in the commercial land use subcategories as described in the Palm Beach County Comprehensive Plan.
  - (1) Special provisions for uses developed in CG, General Commercial zoning district (CG)s within the WCRA-O District. Due to the compact nature of the existing development pattern within the WCRA-O District, special provisions for uses developed in CG, General Commercial zoning districts shall apply. These special conditions shall also apply in cases pursuant to the adopted CRA Master Plan, where the implied zoning district is CG, or where the CG zoning district has been granted through the land development process of the ULDC.
    - (a) Office/warehouse uses. Requests for office/warehouses shall be subject to Class A Conditional Use approval. In addition, the following supplementary requirements shall apply: Limited permitted uses. Commercial uses for lots fronting only on Wabasso Drive, Tallahassee Drive, Seminole Boulevard, Osceola Drive, Loxahatchee Drive, Suwanee Drive, Cherokee Avenue or Nokomis Avenue shall be limited to data information processing, park, and office, business and professional as defined in Sec. 3.2 excluding employment agencies, travel agencies and contract post offices. Lots fronting only on

Nokomis Avenue shall be permitted the above uses provided nonresidential structures are limited to 1500 sq. feet. The above uses shall be conducted only between 7:00 a.m. and 6:00 p.m., Monday through Saturday.

- (b) i) Office/warehouse uses in the CG district. Developments within the WCRA-O District may obtain approval for an Accessory office space, supporting the warehouse use, shall occupy a minimum of twenty-five (25) percent of the gross floor area. by conditional use type A, subject to the following supplementary regulations:
  - i) Minimum. The minimum percentage of office space supporting the warehouse use shall be twenty-five (25) percent of the gross floor area.
  - ii) <u>Bay Ddoors. Orientation of storage b</u> <u>Bay doors shall not face any abutting residential property. Which is residentially zoned, nor shall they be visible from any Bay doors shall not face public streets, unless a landscape betterment plan has been submitted.</u>
  - iii) Separation. There shall be a minimum of fifteen (15) feet ten (10) foot separation between individual office-warehouse buildings within an office-warehouse combination.
- (2) Description of sSpecial land use developments designations within the WCRA-O District. In order to encourage the development of compatible projects, two The following special land use designations would be developed under developments may be permitted in the CG, General Commercial zoning district and under the IL, Light Industrial zoning districts for the WCRA-O District pursuant to the following standards.
  - (a) Westgate mMixed-use commercial. The purpose of this special land use designation development is to encourage lower intensity, mixed-use commercial development along the south side of Westgate Avenue. In order to provide opportunities for residential components within mixed-use developments, d Developers shall be permitted to request an increase in the residential density beyond the underlying 8 units per acre by availing drawing from the pool of the 300 bonus residential units assigned to the area through pursuant to the Palm Beach County Comprehensive Land Use Plan. The use of the bonus units shall be, and subject to approval by the Board of County Commissioners and the Community Redevelopment Agency WCRA. In further recognition of the special character of this area, t The minimum lot size for this special land use designation development is shall be one half (0.5) acre, thereby amending the lot size requirements of the CC zoning district as shown in table 6.5.1 for this land use designation only. All other requirements applicable provisions of this code the ULDC shall apply. In addition, developers The WCRA-O mixed land use designation shall comply with the design requirements of the MXPD section to the greatest extent practicable possible.
  - (b) Soft-edged industrial. The purpose of this industrial designation as indicated on the WCRA-A master plan special land use development is to ensure that adequate screening and buffering is provided in areas adjacent to existing residential development. The expanded increased landscaping and buffering requirements, and the provision for "cleaner" and compatible light industrial development shall only be required for areas that are currently shown as with an Industrial land use designation.

### 10. Local Residential Streets.

- a. Construction in existing right-of-way. In the WCRA-O District, tThe County Engineer may approve alternatives to the County standard design sections for local street construction in order to accommodate construction or reconstruction of paving and drainage improvements to an existing public local street, or segment thereof., which, as of the effective date of this Code, has a The eligible right-of-ways shall have a width of less than fifty (50) feet and a vehicular travelway shall be maintained by the County. Said alternative design(s) shall provide for paved travelway widths, structural sections, drainage, pedestrian access, dead-end turnarounds, and safe sight corners as prescribed by the County standards for local streets, or as deemed equivalent by the County Engineer. All required treatment and discharge control of stormwater runoff to the street drainage system shall be provided by secondary stormwater management facilities located outside the street right-of-way, permitted and constructed in accordance with applicable regulations of all agencies having jurisdiction over the receiving waters at the point of legal positive outfall.
- b. Access to residential subdivision lots. In lieu of minimum legal access requirements pursuant to Sec. 8.22.A.2., aA local street improved pursuant to Sec. 6.7.B.10.a., and having continuous paved access to at least one public street on the perimeter of the WCRA-O, District shall be deemed by the County Engineer to meet the requirement of local street access for residential lots created by subdivision of abutting property, , in lieu of minimum legal access requirements pursuant to Sec. 8.22.2. Nothing herein shall prohibit the owner of abutting property from making application for and receiving appropriate approval of a final subdivision plan or waiver of platting prior to completion of the above-noted improvements; provided, however, that the applicable plat or affidavit of waiver shall not be approved for recordation until construction has commenced for said improvements.
- 11. Stormwater Discharge Control. For subdivision of land within the WCRA-O District where stormwater discharge from such land is regulated by a secondary stormwater system under a Surface Water Management Permit issued by South Florida Water Management District, the requirements for control of discharge pursuant to Sec. 8.24.F.2 shall be deemed waived.
- Section 6.7.E., Zoning Districts, Overlay District Regulations, PBIA-O. SUBPART 20 is amended to add language as follows:
- 7. Use regulations.

<u>Adoption</u>

- a. Permitted uUses.
  - (1) Permitted uses. All residential, commercial, and industrial uses permitted by right in the underlying district shall be permitted in the PBIA-O district.
  - Prohibited uses. In no case shall a Adult entertainment establishments, bulk storage of gas and oil, and outdoor retail sales (other than greenhouses or nurseries) shall be permitted prohibited in the PBIA-O district.
- Section 6.7.I., Zoning Districts, Overlay District Regulations, is SUBPART 21 amended to add language as follows:
- 6.7.I. SCGCF-O, Sugar Cane Growers Cooperative of Florida Overlay

- b. Supplementary use standards....
  - (2) Residential pods....
    - (a) Accessory uses and structures....
      - (i) Permanent structures.
        - 1) Real estate sales office, planned development, means, for the purpose of Section 6.8, an office for the sale and resale of new and existing residential units in a planned development. A real estate sales office shall be permitted in the commercial pod indicated on the Preliminary Development Plan and subject to the property development regulations for commercial uses pursuant to Table 6.8-6, PUD Property Development Regulations. A temporary real estate sales and management office within a mobile home outside of a commercial pod shall comply with the requirements of Sec. 6.6, (Temporary structures).
          - a) Permanent. A permanent real estate sales office is permitted in a commercial pod.
          - b) Temporary, pod. A temporary real estate sales office for the sale of only new units shall be permitted in a residential pod or other temporary location approved by the DRC. Sales shall be limited to only new units in the pod. A temporary sales office in a mobile home shall be subject to Section 6.6. (Temporary structures). Sanitary facilities shall be available in the office. A temporary real estate sales office shall be removed from the site prior to the issuance of the CO for the last remaining unit in the pod. Temporary access to the sales office may be permitted, subject to approval by the DRC. The temporary access shall be limited to one year, unless extended by the DRC.
          - c) Temporary, project. A temporary real estate sales office for the sale and resale of units in the entire project, or phase of a project, shall be permitted in a private civic pod, commercial pod, or recreation pod, subject to approval by the BCC. A temporary sales office in a mobile home shall be subject to Section 6.6. (Temporary structures). Sanitary facilities shall be available in the office. A temporary real estate sales office serving an entire project shall only be permitted within a planned development and/or phase consisting of 300 or more units. Sales shall be limited to only units within the planned development. A temporary real estate sales office shall be removed from the site prior to the issuance of the CO for the last remaining unit in the project or phase, as applicable. Temporary access to the sales office may be permitted, subject to approval by the BCC.

Resale of existing units shall cease when the remaining number of units without a CO in the project or phase, as applicable, reaches the following:

- 2) Sales Model, planned development means a residential unit used for the sale of only new units within a residential pod of a planned development. s. Sales models shall be permitted if erected on the site pursuant to all applicable codes and ordinances. However, the executive director or director of PZ&B may temporarily waive a property development regulation to facilitate the use of the building as a sales model. Prior to the issuance of a final certificate of occupancy, the sales model shall comply with all applicable property development regulations. The number of sales models shall not exceed eight (8) in number, per pod. One of the sales models may be used for a temporary real estate office if sanitary facilities are approved by the appropriate government agencies. A minimum of eight (8) parking spaces shall be provided. The parking area shall be designed in accordance with Sec. 7.2, Off-street parking regulations, however, pavement, shellrock, or mulch may be utilized in the parking area with a stabilized subgrade. Sales models, including dry models, may be constructed prior to platting.
  - a) General. A maximum of eight (8) sales models may be constructed prior to platting. Subdivision approval of the sales model lots by the DRC shall be required prior to issuance of a building permit. Sales models shall comply with all applicable property development regulations prior to issuance of a certificate of occupancy (CO). A sales model may be used as a temporary real estate sales office.
  - i) Parking. A minimum of two (2) parking spaces per model shall be provided. The parking area shall comply with Section 7.2 (Offstreet parking regulations).
  - <u>ii) Duration.</u> The use of a residential unit as a sales model shall cease prior to issuance of the CO for the last remaining unit in the pod.
  - b) Residential pod. A maximum of eight (8), or twenty (20) percent of the number of units in the pod, whichever is less, shall be permitted as sales models.
  - c) Model rows. Planned developments comprised of a total of three hundred (300) or more units may construct a model row for the project.
  - i) Number. A maximum of sixteen (16) sales models shall be permitted in the model row. A maximum of one model row shall be permitted for every three (3) pods under development, consisting of a minimum of sixty (60) units each.
  - ii) Location. A model row shall be located in a residential pod. The location of the model row shall be designated on the preliminary development plan at the time of BCC approval. Access to the model row shall be from a location approved by the BCC or allowed by the ULDC.
  - iii) Use. A model row shall be open to the public for the sale of only new units in the project. The sale or resale of units outside the project shall be prohibited.

Underlined language indicates proposed new language.

Language crossed out indicates language proposed to be deleted.

... (ellipses) indicates language not amended which has been omitted to save space.

Relocated language is shown as italicized with reference (6.4.D.35.a.) in parentheses.

- 3) Noncomplying sales offices. All real estate sales offices in a planned development which do not comply with this Section shall close within twenty-one (21) months of the effective date of the ordinance amending this Section.
- 4) 3) Gatehouses. Gatehouses for internal project security shall be permitted if not in conflict with R-O-W and setback requirements of this Code and the Palm Beach County Thoroughfare Plan.
- <u>5)</u> 4) Utilities. Public or private utilities and accessory buildings and structures shall be permitted, subject to compliance with all applicable rules and regulations governing such facilities.

# SUBPART 26 Section 6.9, Zoning Districts, Voluntary Density Bonus, is amended to add and delete language as follows:

#### A. Purpose and Intent....

- 1. The VDB accommodates provisions for the development of housing affordable to very low and low income households in fulfillment of Policy 2.i.5 1.1-f of the Housing Element of the Comprehensive Plan....
- 2. The VDB addresses an equitable geographic distribution of affordable housing in accordance with Policy 2-g 1.5-b of the Housing Element of the Comprehensive Plan.
- 3. The VDB addresses the preservation of affordability of units, designated under the program, for Group A and Group B households in accordance with Policy 2-h 1.1-o of the Housing Element of the Comprehensive Plan.
- 4. The VDB provides for the implementation of Land Use Element Policy 7-a 3.2-a and that portion of the Land Use Element, Implementation Section which deals with income restrictions on residential densities of greater than eight (8) units per acre.

#### D. General....

Adoption

#### 5. Limitations on restrictions....

a. the need for the restriction in terms of providing housing for a specific target group, e.g., disabled populations, but not including the elderly, and the assurances that the target group will, indeed, have access to the new housing,

### 7. Dispersal -External....

d. The above information, along with other relevant information from the Palm Beach County Affordable Housing Study, June, 1994, and developer supplied information, shall be considered by staff and the LUAB/LPA in making recommendations regarding equitable geographic distribution of affordable housing for compliance with Housing Element Policy 2-g 1.5-b.

# SUBPART 27 Section 7.2., Site Development Standards, is amended to add and delete language as follows:

## B. Off-Street Parking and Loading....

Table 7.2-1, Minimum Off-Street Parking and Loading Standings, is deleted and replaced by Table 7.2-1 found in Ordinance 99-37, and is amended as follows:

<u>Underlined language</u> indicates proposed new language.

Language crossed out indicates language proposed to be deleted.

... (ellipses) indicates language not amended which has been omitted to save space.

Relocated language is shown as italicized with reference (6.4.D.35.a.) in parentheses.

description shall meet the requirements for certified sketches and descriptions set forth by Chapter 21HH-6.006 61G1706, F.A.C., pursuant to Sec. 472.027, Fla. Stat. and Palm Beach County Description Checklist pursuant to policies and procedures established by the County Engineer and made available to the public.

...

SUBPART 33 Section 8.20.B., Subdivision, Platting, and Required Improvements, Requirements for the Preliminary and Final Plat, Final plat, is amended to add and delete language as follows:

2. Preparation. The plat shall be prepared by a land surveyor and mapper, currently registered in the State of Florida and is to be clearly and legibly drawn with black permanent drawing ink or veritype process to a scale of not smaller than one inch equals one hundred (100) feet, or as otherwise determined by the County Engineer.

...

4. Title....

•••

- d. When the plat is a replat, amendment of or addition to an existing plat of record, the words "section", "unit", "replat", "amendment", etc.; and
- 7. Survey data. The plat shall show the length of all arcs together with central angles, radii, and points of curvature. Centerlines shall include chord and chord bearing to the above mentioned. Sufficient survey data shall be shown to positively describe the boundary of each lot, block, right-of-way, street, easement, and all other areas shown on the plat and all areas shall be within the boundary of the plat as shown in the description. The plat shall also include the following items in the manner described below.

f. Permanent reference monuments shall be shown in the manner prescribed by Chapter 177, Fla. Stat., as amended. All information pertaining to the location of "P.R.M.s" shall be indicated in note form on the plat. Permanent Control Points, and Permanent Reference Monuments, and Monuments shall be designed and set as prescribed by Chapter 177, Fla. Stat., as amended, and Sec. 8.29.F. It is the responsibility of the surveyor and mapper to furnish the Clerk of the Circuit Court with his certificate that the "P.C.P.s" and all monuments according to Sec. 177.091(9), Fla. Stat., have been set and the dates said "P.C.P.s" and monuments were set.

p. Tabulation of Survey Data.

(1) The use of tangent tables is not permitted. However, at the discretion of the County Engineer on a case by case basis, the use of a tangent table to reflect corner clip (safe sight) chords, centerline chords, and chord bearings may be permitted if deemed necessary to meet requirements of neatness and clarity of the plat. Scale factors shall not be considered. Such tables, when permitted, must appear on the map sheet to which they refer and tangents shall be numbered consecutively through the entire presentation.

The possible exception noted above shall be limited to use on plats and shall not be carried into any other survey documents submitted for approval to the County Engineer.

- (2) Curve data may be tabulated subject to the following conditions or exceptions.
  - (a) External boundary or centerline curve data may not be tabulated.

Adoption

- c. Certification of surveyor. The Final Plat shall contain the signature, registration number and official seal of the surveyor, certifying that the plat is a true and correct representation of the land surveyed under his responsible direction and supervision and that the survey data compiled and shown on the plat complies with all of the requirements of Chapter 177, Fla. Stat., as amended, and this article. If the surveyor is part of a legal entity, the name, address, and certificate of authorization number of said entity shall be shown. The certification shall also state that permanent reference monuments ("P.R.M.s") have been set in compliance with Chapter 177, Fla. Stat., as amended, and this article. When the permanent control points ("P.C.P.s") and monuments according to Sec. 177.091(9), Fla. Stat., are to be installed after recordation, the certification shall also state that the "P.C.P.s" and said monuments will be set under the direction and supervision of the surveyor under the guarantees posted for required improvements within the plat. When required improvements have been completed prior to the recording of a plat, the certification shall state that "P.C.P.s" and monuments have been set in compliance with the laws of the State of Florida and ordinances of Palm Beach County. The form for the surveyor's certificate shall be as prescribed in the Land Development Forms Manual.
- f. Preparing Surveyor. The name and address of the natural person who prepared the plat shall be shown on the plat as required by Sec. 695.24, Fla. Stat., as amended, in the form prescribed in the Land Development Forms Manual.

SUBPART 34 Section 8.29.E., Subdivision, Platting, and Required Improvements, Subdivision Design and Survey Requirements, Minimum safe sight distance at intersections, is amended to add and delete language as follows:

- Minimum safe sight distance and corner clips at intersections. Street lines at the intersection of two streets shall be connected by a diagonal line in accordance with current County standards for corner clips. Corner lot lines at intersecting street lines shall be the long chord of a twenty-five (25) foot radius, except that at the intersection of two (2) Thoroughfare Plan streets the radius shall be forty (40) feet. Corner lots shall be designed to facilitate a safe intersection with respect to minimum stopping and turning sight distances in accordance with criteria prescribed in the most recent edition of the FDOT Manual of Uniform Minimum Standards for Design, Construction and Maintenance for Streets and Highways. A restriction shall be placed on the plat prohibiting structures or landscaping over thirty (30) inches high within any additional safe sight area required to be established over an individual lot in order to accommodate unusual conditions in the design of the lot or alignment of adjacent streets, said height being measured from the street crown elevation at the intersection.
- SUBPART 35 Section 8.29.F., Subdivision, Platting, and Required Improvements, Subdivision Design and Survey Requirements, Survey requirements, is amended to add and delete language as follows:
  - 2. Permanent Control Points ("P.C.P.s") and Monuments. Permanent control points and monuments according to Sec. 177.091(9), Fla. Stat., shall be installed as follows:
    - Installation prior to plat recordation. Where required improvements are a. constructed prior to recordation, the permanent control points and monuments shall be set prior to submission of the Final Plat and certified by the surveyor in accordance with Sec. 8.20.B.15.c.

Underlined language indicates proposed new language.

Language crossed out indicates language proposed to be deleted.

... (ellipses) indicates language not amended which has been omitted to save space.

#### a. Approval of equivalency....

(2) issue a new Reservation an Administrative Exemption if the development is existing and there is no valid Reservation or Exemption.

# SUBPART 41 Section 15.(I)B.2 - Definition, Subsection 2. Terms Herein, is amended to add and delete language as follows:

CRITICAL VOLUMES - The sum of all movements in an intersection which conflict with one or more other movements as established pursuant to the Transportation Research Board. Special Report 209, Highway Capacity Manual (1985), "Capacity Planning Analysis", pages 9-21 and 9-22, as amended by the Palm Beach County Intersection Analysis by Critical Sum Method.

LEVEL OF SERVICE D - As to Average Annual Daily Traffic, and Peak Hour Traffic and Peak Hour, Peak Season, Peak Direction Traffic on a Link, the numbers set forth in Table 1A; as to Peak Hour, Peak Season, Peak Direction Traffic on a Link, the numbers set forth in Table 1C LOS D column and as to Peak Hour Traffic at an intersection, a CRITICAL VOLUME of one thousand four hundred (1,400).

LEVEL OF SERVICE E - As to Average Annual Daily Traffic, and Peak Hour Traffic and Peak Hour, Peak Season, Peak Direction Traffic on a Link, the numbers set forth in Table 1B, the numbers set forth in Table 1C LOS E column as to Peak Hour on a Link; as to Peak Hour Traffic at an intersection, a CRITICAL VOLUME and a Critical Volume of one thousand five hundred (1,500)-as to Peak Hour Traffic on an Intersection.

MODEL PLAN - the 2010 Interim current Transportation System Plan, as modified by Table 3 of the Traffic Circulation Element of the Plan.

TABLE 3 - Table 1 of the Traffic Circulation Element of the Plan, "Projected Network Deficiencies - 1988 Roadway Links Below Level of Service," and, as clearly demonstrated by the current traffic counts as determined by the County Engineer, those Major Thoroughfares that would have been added to the "Projected Network Deficiencies - 1988 Roadway Links Below Level of Service" had then-current traffic counts been available. It shall also include those Links that were not included in the "Projected Network Deficiencies" - 1988 Roadway Links Below Level of Service" through a scrivener's error.

TABLE 5 - "Projected Network Deficiencies - Model Plan Roadway Links Below Generally Adopted Level of Service," as updated periodically by the County Engineer.

TABLE 6 - The changes made to the 2010 Interim Transportation System Plan to produce the Model Plan established pursuant to, Section 15.(In)F,(3).

URBAN REDEVELOPMENT - Means demolition and reconstruction or substantial renovation improvement of existing buildings or infrastructure within urban infill areas or existing urban service areas.

43 April 4, 2000

(2) Eligibility. Notwithstanding subparagraph (1) of this paragraph (A), the LEVEL OF SERVICE D for the LINKS listed on Table 3 which have a volume to capacity ratio greater than 1.00 therein in Table TE-S1 of the Transportation Element Support Documents. "Projected Network Deficiencies - 1988 Roadway Links Below Level of Service" may be exceed by up to a total of five percent (5%) of Level of Service D as computed on an ADT basis. These roadway links eligible for the excess five percent (5%) will be presume to pass the average peak hour test. This five percent (5%) shall be the cumulative Traffic from all Projects or Project amendments approved increasing or redistributing Traffic for which application was made on or after February 1, 1990 based upon the Traffic Impact Studies of such. This excess five percent (5%) shall be allocated on a first-come-first-served application-filed basis; provided no Project may use more that one-fifth (1/5th) of the five percent (5%) available on any LINK. The County Engineer shall maintain a map or table on which the excess five percent (5%) shall be depicted and the amount of such used. The map or table shall be updated not less frequently than quarterly.

SUBPART 43 Section 15(I)D - Standard., Subsection 2. Buildout/Model Standard, (A) Link/Buildout test - Test 1., (3) - Alternate Test One, is amended to add and delete language as follows:

# (3) Alternate Test One.

For-Links on which do not meet the ADT or Peak Hour standards of Test One is not met, an Applicant may be evaluated based on the elect to evaluate each Link's Peak Hours, Peak Season, Peak Direction directional traffic volumes and the Critical Volumes of the signalized major intersections at each end of the Links, using the Adopted Peak Season, Peak Hour, Peak Direction Level of Service Standard. If the number of lanes is different in each direction of a Link both directions shall be evaluated against the applicable standard. the number of lanes serving the direction being analyzed shall be used for purposes of determining the Peak Hour, Peak Season direction capacity. If the Peak Season, Total Peak Hour, Peak Direction directional Traffic exceeds the Adopted Peak Season, Peak Hour, Peak Direction Level of Service during the Buildout Period of the Project, no Site Specific Development Order shall be issued unless Link improvements are made, including Through-Intersection Continuity such that Test One, or Alternate Test One, is satisfied. Ifn addition to the studied Peak Season, Peak Hour, Peak Direction directional Traffic on a Link does not exceed the Adopted Peak Season, Peak Hour, Direction Level of Service of the Link-during the Buildout Period of the Project, the Applicant shall complete a Detailed Analysis of the signalized major intersections at each end of the Link. Test One + shall be satisfied if the Detailed Analysis demonstrates that the Critical Volume for the analyzed signalized intersections, during the Peak Hour in the Peak Season, is less than or equal to the Adopted Level of Service for intersections. The Applicant may make intersection improvements to achieve the Adopted Level of Service Critical Volume, in accordance with Palm Beach County or Florida Department of Transportation Design Standards to achieve the Adopted Level of Service Critical Volume.

SUBPART 44 Section 15(I)D - Standard., Subsection 2. (B) Model test/Test 2., (2), is amended to add and delete language as follows:

(2) Notwithstanding subparagraph (1) of this paragraph (B), the LEVEL OF SERVICE E FOR THE LINKS listed in Table 5, may be exceed by up to a total of five percent (5%) of Level of Service E. This five percent (5%) shall be the cumulative Traffic from all Projects or Project amendments approved increasing or redistributing Traffic for which application

<u>Underlined language</u> indicates proposed new language.

Language crossed out indicates language proposed to be deleted.

... (ellipses) indicates language not amended which has been omitted to save space.

Relocated language is shown as italicized with reference (6.4.D.35.a.) in parentheses.

was made on or after February 1, 1990 based upon the Model run, including socioeconomic data from such Development. This excess five percent (5%) shall be allocated
on a first-come-first-served application-filed basis; provided no Project may use more that
three-fifths (3/5th) of the five percent (5%) available on any LINK based upon the Project's
Traffic Impact Study. Notwithstanding the three percent (3%) limitation as stated at the
bottom of Table 2B, net project trips with the maximum Radius of Development Influence
shall be accumulated toward the five percent (5%) allocation. The County Engineer shall
maintain a map or table on which the excess five percent (5%) shall be depicted and the
amount of such used. The map or table shall be updated no less frequently than the Model.
Links shall be added to Table 5 as their volume-to-capacity ratio exceeds 1.00 resulting
from the Model update, using the Model Plan. At such time, these Links shall be eligible
for the additional five percent (5%) under Test 2. Table 5 may be updated by resolution of
the County Engineer.

(32) If Test 2 could be technically satisfied by improving deficient Link(s), the County Engineer may determine that such improvements will not satisfy Test 2 where such improvements do not result in additional capacity sufficient to solve the deficiency on the Major Thoroughfare Network or do not provide continuity based upon generally accepted traffic engineering principles.

SUBPART 45 Section 15(I)D - Standard., Subsection 2. (B) Model test/Test 2., Table 5, is amended to delete language as follows:

2 five percent (5%) of the Level of Service E D ADT volume of the Link affected on an 3 ADT basis up to the limits set forth in Table 2B. SUBPART 50 Section 15(I)E, Traffic Impact Study, Subsection 2, (B) Methodology, 4 (7) Traffic generation, (d) is amended to add language as follows: 5 (d) Internal Traffic - It is acknowledged that some trips generated by mixed use 6 7 Projects do not exit the Project or enter the Major Thoroughfare system. Unless approved by the County Engineer, credit against the trip generation of a PROPOSED 8 PROJECT shall not exceed ten percent (10%) of the gross trip generation of the project. 9 not including internalization between Service Station and Convenience Store uses. 10 Additionally, credit for any individual land use within the PROPOSED PROJECT shall 11 not exceed ten percent (10%) of the gross trip generation for the land use, except as 12 provided herein. Internalization between Service Station and Convenience Store uses is 13 14 established at thirty-two percent (32%) of the gross trip generation of the Convenience Store use. 15 16 SUBPART 51 Section 15(I)E, Traffic Impact Study, Subsection 3, Detailed Analysis of Alternate Test One, (A) Analysis, (1) is amended to add and delete 17 language as follows: 18 (1) Transportation Research Board, Special Report 209, Highway Capacity Manual 19 (1985), as amended by the Palm Beach County Intersection Analysis by Critical Sum 20 21 Method shall be used as the methodology for the analysis. SUBPART 52 Section 15(I)E, Traffic Impact Study, Subsection 4, Site Related 22 Improvements, is amended to add and delete language as follows: 23 In addition to the Link and intersection standards and studies, all peak hour(s) turning 24 movements (including Pass-by trips) shall be shown and analyzed using the analysis in 25 26 the 1985 Manual for all points where the PROJECT's traffic meets the DIRECTLY ACCESSED LINKS and other roads where traffic control or geometric changes may be 27 needed, as determined by the County Engineer. Recommendations shall be made 28 29 concerning signalization, and turn lanes or other improvements. For projects in the 30 Unincorporated Area, tThe County may require such improvements to ensure the safe and orderly flow of traffic. 31 SUBPART 53 Section 15(I)G, Procedure, Subsection 1, Required Submission of 32 Impact Study, (C), No Study Needed, is amended to add and delete 33 language as follows: 34 35 (1) Residential - New Residential Projects generating fewer than two hundred (200) Gross Trips based on Palm Beach County's adopted daily trip generation standard-36 Institute of Transportation Engineers rates of seven (7) trips per multifamily unit and ten 37 (10) trips per single family unit shall not be required to submit a Traffic Impact Study. 38 The NET TRIPS shall be distributed over the Major Thoroughfare system by the County 39 Engineer or Municipal Engineer, as the case may be, in accordance with generally 40 41 accepted traffic engineering principles. (2) Non-residential- Non-residential Projects generating fewer than two hundred (200) 42 Gross Trips based on Palm Beach County's adopted daily trip generations rates shall 43 44 not be required to submit a Traffic Impact Study. The NET TRIPS shall be distributed over the Major Thoroughfare system by the County Engineer or Municipal Engineer, as 45

Provided, in all cases, I-95 shall be addressed only if Net Trips on I-95 are greater that
